

ABSTRACT OF THE DISCLOSURE

3 A portable multi purpose machine having removable head attachments
4 primarily for personal grooming. The removable head attachments used
5 for multiple purposes include: cutting and vacuuming, shaving, hair
6 clipping, tooth brushing, vacuuming, and massaging. The multi purpose
7 machine comprises a housing having first and second walls and a motor
8 assembly. The motor assembly has an electrically powered drive member
9 to operate each of the heads. A power cord assembly provides power to
10 rechargeable batteries.
